

22 March 2026

Dear Film Club Member,

The Committee is pleased again to involve our members in voting for next season’s films. Please find attached a list of films that the committee has collated from members’ recommendations, reduced from over 100 nominated films down to a more manageable number for you to vote on.

To help you decide, we have included ratings from two websites, IMDB and Rotten Tomatoes. **You can download the film list from our website www.maldonfilmclub.uk (the Recent Messages section) and use the links from the film title column to go directly to a trailer for each film** on one of IMDB, MUBI or Youtube. Further information on each film is available at www.imdb.com.

The Maldon Film Club aims to screen the **best** of recently released English, Independent and Foreign language films. We will endeavour to select and screen films that

- have not had a wide general release
- are no more than 3 years old
- create a mixed programme of films of different genres and from different regions of the world

The committee will take due regard of the views of the membership on film selection, but the final programme will be produced in accordance with the criteria above and the availability of licences.

PLEASE SELECT **ONE** CLASSIC AND **TEN** MAIN LIST FILMS THAT YOU WOULD MOST LIKE US TO SCREEN, and return your selections by the end of **Sunday 26th April** by

- returning this form on a film night
- or posting this form to Maldon Film Club, c/o 22 Mayflower Drive, Maldon CM9 6XX
- or drop us an e-mail with your selected films to info@maldonfilmclub.uk
